The next generation of examination lighting has arrived. Outpatient LED is the perfect low maintenance, top-performing light for examination applications in the hospital, physician’s office and veterinary field.

**Designed for patient comfort and ease of use**
- LED sources provide virtually heat-free light for patient comfort
- High quality light for accurate color rendition
- Designed to reduce shadows on the examination area
- Modularity for ease of installation and assembly

**Enhanced performance**
- Increased illuminance to 90,000 lux (8361 fc) at 24” (61 cm)
- CRI (Color Rendering Index) > 95
- High R9 > 87, to accurately render skin tones
- Anti-microbial paint to inhibit the growth of microbes
- Lower profile to reduce space impact

**Lower cost of ownership**
- LED illumination offers 10x (or 20,000 hours average) the operational life of traditional halogen solutions
- Provides a 75% energy savings over current halogen option
- Smooth finish aids routine cleaning
- Reduced maintenance
the next generation of exam lighting

Summary of technical data

- **Illuminance:** 90,000 lux (8361 fc) at 24” (61 cm)
- **Color Temperature:** 3700 K
- **CRI (Color Rendering Index):** 95
- **Light Source:** Light Emitting Diode (LED)
- **Rated Life of LED:** 20,000 hours average LED life
- **Power:** 42 Watts
- **Power Supply:** Integral electronic driver
- **Mounting Options:** Floorstand, Wall, Ceiling
- **Maximum Arm Reach:** 37.5” (95.25 cm)
- **Certifications/Approvals:** AAMI ES60601-1, IEC 60601-1-2, EN/IEC 60601-2-41 and CAN/CSA C22.2 NO. 60601-1 certified
- **Product Warranty:** 5-year warranty
