PLATINUM SERIES™
THE WORLD’S FIRST SMART LASER

K·LASER USA
The Platinum Series™
By K-Laser USA is the World’s First Smart Laser.

We not only developed the most advanced Class IV therapy laser, but also built a technology platform that redefines the therapy laser industry. No other therapeutic laser can deliver usage metrics and tools on the laser interface to help your practice succeed with laser therapy.
24 Watts in CW (28 Watt ISP Peak)
More power, shorter treatments, faster results!

20% Faster Treatment Times
The right combination of power, wavelengths and pulsing delivers an optimal therapeutic dose in less time.

1,300+ Expert Treatment Protocols
Designed and tested by Veterinarians for Veterinarians. Plus, infinite programmable custom protocols.

Performance Tracker App
Maximize your return on investment with this exclusive app that displays real-time data about how each of your staff members are using the laser!

Best-In-Class Warranty
Lifetime diode warranty and 3-year manufacturer’s warranty.

5 Hand Piece Tips
Maximum treatment versatility with our 50 mm broad beam (open lens & curved contact lens) 25 mm zoom (open lens & curved contact lens) & ENT tips.

4 WAVELENGTHS
Provides the broadest array of tissue stimulation and penetration for maximum results.

980 nm Improves Circulation
915 nm Enhances Oxygen Delivery
810 nm Increases ATP Production
650 nm Accelerates Surface Healing
18 Watts in CW (20 Watt ISP Peak)
High power allows you to deliver a therapeutic dose to deeper tissue in less time.

1,300+ Expert Treatment Protocols
Designed and tested by Veterinarians for Veterinarians. Plus, infinite programmable custom protocols.

Performance Tracker App
Maximize your return on investment with this exclusive app that displays real-time data about how each of your staff members are using the laser!

Best-In-Class Warranty
Lifetime diode warranty and 3-year manufacturer’s warranty.

3 Hand Piece Tips
Includes our 50 mm broad beam (open lens), 25 mm zoom (open lens) & ENT tips.

3 WAVELENGTHS
Simultaneous or independent application effectively penetrates tissue for excellent results

915 nm
Enhances Oxygen Delivery

810 nm
Increases ATP Production

650 nm
Accelerates Surface Healing
The Performance Tracker app is an advanced practice management tool that will ensure your practice’s success with laser therapy. No other therapy laser can give you a real-time perspective on how you can better utilize the laser and generate a higher return on your investment.

**Who Is Using the Laser?**

**What Conditions Are You Treating?**

**How Much Revenue Are You Generating?**

---

**PRECISE TREATMENT**

Easily and quickly build expert treatment protocols based on your patient’s needs and attributes, including:

- Species
- Condition
- Body region
- Chronicity
- Coat color
- Weight

**HEAT MANAGEMENT**

High internal temperature can destroy lasers, resulting in significantly reduced power output. The Platinum Series’ Thermal Management System solves this with:

- Liquid cooled, copper design for faster heat transfer
- Closed system to manage heat consistently
- Whisper quiet fan
The Platinum Series hand piece comes with up to 5 tips. The tips allow you to change the width of the beam for maximum versatility.

**Platinum 4 (P4)**
**Hand Piece Tips:**
- 50 mm broad beam - Open lens
- 50 mm broad beam - Curved contact lens
- 25 mm zoom - Open lens
- 25 mm zoom - Curved contact lens
- ENT

**Platinum 3 (P3)**
**Hand Piece Tips:**
- 50 mm broad beam - Open lens
- 25 mm zoom - Open lens
- ENT

Our laser implementation kit is included with your Platinum Series laser to ensure you have everything you need to successfully launch laser in your practice.
Our goggles and doggles are designed specifically for the wavelengths utilized by the Platinum Series lasers to ensure your and your patients’ safety.

Goggles & Doggles

Travel Case

Protect your laser investment with our remarkably lightweight and durable travel case that is custom designed for the Platinum Series lasers. The case is watertight, crushproof and dustproof.

Travel Case

Laser Carts

Our custom designed laser cart helps you safely maneuver your laser around your practice. The cart is made from sturdy aluminum and steel, includes a large storage cabinet and locking medical grade wheels.
