ANATOMY OF A: CAT CONDO & SUITE

- **Side-to-Side pass throughs** allow cats to move between cages or litter/bedroom areas.
- **Portal cover** allows the opening to be closed or open without opening the unit.
- **Bottom storage** is ideal for litter and supplies.
- **Vertical plug** allows opening or closing vertical access between units.
- **One-handed push button latch.**
- **25 1/4″ deep inside and 26 1/2″ on exterior.**
- **Rabbet jointed sealed interior corners** to help prevent liquid seepage.
- **Litter/Bedroom areas** make great hiding places. Available in 12″ or 18″ wide.
- **Thick (3mm) edge banding** protects edges.
